Event Types and Genres

kulturbytes API structure overview | Language: en

This document visualizes the event classification used by kulturbytes. Each event type represents a top-level category. Where available, genres provide more specific classifications within that category.

Event types	Types with genres	Genre entries
57	16	295

How to read the hierarchy

Event type → **Genre**. The IDs shown in the detailed listing are taken directly from the API response. Event types without genres are listed as categories with no associated genres.

Complete reference

Event types and genre names are displayed in the selected API language. Numeric identifiers are preserved exactly as returned.

1 · Concert

- 1001 · Electronic music
- 1002 · Rock
